and appointing Jim Hedder as
treas also getting Francis Mc
name on the signature card

Les Kylla made the motion
for Jim to be an ass treas Francis
second the motion

Les made the motion to put
Jim + Francis on the signature card
Jim made motion to pay all bills

Francis Mc Ass

Sept 13 - 05

The Belle Creek watershed meeting was called for the purpose of setting the budget for 2005

Other business going over the report from the DNR - soil conservation people they recommended cutting brush on the streamers. we contacted the same to see if we could get some from the county fair, we were informed that they couldn't come for at least three months so we'll contact them later. we also discussed putting a culvert on the road into Joe Ludell's dam to drain the water out at the swamp on the north side of the road. It did a good job of draining it.

all bills were ordered paid

meeting adjourn

Frank Mc Lee.

Sept 06

the Belle Creek watershed board
met to set the budget for 07
we discussed the possibility of acquiring
R9.

we decided to get Steve Pappas
to haul rock from the Grand pit
we hired Tom Mc-Nama to
move the rock into place which
was no easy job. He has a
bubcat skid loader with track.
we covered a strip about 12ft wide
with mesh and rock. Rod O'Connor
also helped with this job.
The tree trimming job was completed.

Tom Mc-Nama

Sept 07

The meeting was called for
the purpose of setting the budget
for 2008, and was told we
didn't have to stamp each one
just everything one figure.
So we set it at \$000.

Francis McNamee

Aug 08

Les Kipko opened the meeting

we discussed brush timing, getting
water ways. John Gordon would
like to have water way regulated
we decided against it for now

We set the budget for 2009 at 90000

Some more seen

Sept 09

Chairman Joe Kyllö called
the meeting to order. The county men
wanted to have a dam inspector
there so we set the date for that

We went around to all the
dam sights nothing too much
wrong.

We set the budget at 90000
the same as last year

James Mc Lee

Aug 10 10

We had a meeting on John Gardiner water way to see how we were going to fix his waterway, we decided to make him a crossing down by the retaining struts on the east end of his farm.

We purchased 410 - 9 x 9 x 6 blocks from denson. They weighed about 3000 lbs apiece we dug them down 2ft below the water way bed so the water would run over them - "bank yard"

Steve McCormack + Tom McManis did the work.

We set the budget for 2011 blocks at \$10000.

James McManis

May 10 - 11

Pres. Les Killo opened the meeting
 We had men here to discuss
 regarding the 10 year annual plan.

We also visited the two trigs
 we had back at them and he then
 to trim the grass from the lawn
 on his land.

We also had Special Reporter
 to trim the other lawn.

I went around to look at the lawn
 again, I thought the child a good
 job.

I also went to see John's
 meeting, it was very pretty
 but with all the rain and had
 no July

We paid some bills and
 adj. the meeting

I saw to
